PROFILE

A multidisciplinary designer combining an architectural background with professional broadcasting experience in motion design, video editing, and visual communication. At TRT Çocuk, he creates motion content, promotional videos, posters, and digital visuals throughout the entire production process—from concept development to multi-platform delivery.

70+ 2D/3D PRODUCTION | **500+** MOTION ASSETS | **100+** POSTERS | **300+** DIGITAL VISUALS

EXPERIENCE

TRT ÇOCUK

Production and Broadcasting Specialist

December 2020 - Present

- Produced promotional, new-episode, broadcast flow, and digital-platform content for more than 70 2D and 3D animated productions.
- Managed end-to-end production stages, including concept development, visual design, storyboarding, editing, motion design, sound, and multi-format delivery.
- Coordinated with animation studios and internal teams to ensure creative quality, technical compliance, and broadcast standards.
